Dear Sir/Madam,

**RE: APPLICATION FOR AN INTERNSHIP**

Being a lover of literature and a computer enthusiast with keen interest in digitizing learning has made me wish to apply for an internship job at eKitabu.

I am a third year Computer Science student at Maseno University with a drive to promote digital learning by introducing both the young and old to the current technology which makes access to information quite easy. Inspired by the work you are doing therefore, I humbly request you for a chance in your team.

Regards,

Cynthia Jayne Amol.
